## Job Analysis

**JOB TITLE: School Psychologist, High School**

**DOT/O\*NET Code: 045.107-034/19-3031.01**

### **POSITION INFORMATION**

*Summary of Duties:* The School Psychologist at the high school level provides services to students in grades 9 through 12, and may also serve participants in a regional program, such as the program for students with emotional disabilities or the Academic Life Skills program. The School Psychologist assesses students, consults with teachers, administrators, and parents, and provides counseling and psychological services for students individually and in groups. The psychological services provided are based upon identified needs and/or services outlined in Individualized Education Programs (I.E.P.s). This is an 11-month position.

#### *Essential Job Functions:*

- Prepare/set-up office prior to the first day of school.
- Provide an atmosphere and environment conducive to the intellectual, physical, social, and emotional development of students.
- Develop a plan each year to address the academic, social/personal, and psychological needs of students; the plan must support and be consistent with the school improvement plan, which in turn supports system-wide goals.
- Serve on a variety of committees or teams, such as the School Improvement Team, Student Services Team, Instructional Intervention Team, Crisis Intervention Team, Positive Behavioral Interventions and Supports Team, Psychological Services Committee, and teams related to regional programs that may be housed in the school.
- Conduct needs assessments to determine problem areas requiring intervention, develop and implement interventions, monitor effectiveness of interventions, and adjust as necessary.
- Attend monthly meetings of school psychologists.
- Attend I.E.P. meetings for new referrals or for students for whom an assessment is recommended, and for students on the School Psychologist's caseload; in schools with a regional program, additional I.E.P. meetings may be attended, such as for students' annual or interim reviews.
- Attend 504 meetings; may serve as the facilitator for those meetings.
- Observe students in the classroom, in activities, and during lunch period.
- Collect and assess behavioral data.
- Consult with teachers regarding classroom management, behavioral, emotional, and academic issues.
- Consult with administrators regarding school-wide issues.
- Consult with parents regarding issues concerning their children, and to obtain information required for evaluations.

- Consult with professionals outside of the school system who are providing services to students.
- Develop and implement training sessions for teachers, covering such topics as student learning, alternative instructional methods, behavior, abuse, bullying, suicide prevention, crisis prevention/intervention, conflict resolution, and issues related to special education, Section 504, and diversity.
- Administer cognitive, social-emotional, and behavioral assessments to students; prepare reports analyzing test results in conjunction with educational performance, classroom observation, medical history, and educational programming.
- Provide assistance in the application and monitoring process for students receiving home/hospital education due to emotional or psychological problems.
- May conduct home visits.
- Provide crisis intervention services for students, teachers, and the school community.
- Participate in the determination of referrals to alternative education programs within the school system; update psychological evaluations if alternative services are being considered.
- If providing services in a school with a regional program, participate in visits to other schools to assess students for participation in the regional program; conduct meetings to discuss transition of regional program students back to the home school.
- Develop behavioral plans with teachers and/or behavioral specialists.
- May refer students to outside resources; assist parents in selecting outside providers and other resource agencies in Howard County.
- May need to use Crisis Prevention Intervention or Life Space Crisis Intervention with students.
- May work with students during the summer to complete an evaluation.
- May work with summer school students.
- Maintain regular, on-time attendance.
- Knowledge of emergency plans for the school, such as lockdown procedures.
- Participate in fire drills, as required.
- May participate in intern or practicum student program.
